52,39 C. GENERALES

The Bay State Nurseries

W. H. WYMAN & SON, Proprietors

North Abington, Massachusetts

PRICE LIST, FALL 1925

The prices in this list cancel those in all previous lists.

GENERAL INDEX

Terms and Conditions					2
Deciduous Shrubs .					23
Deciduous Trees .					3
Evergreen Shrubs .					19
Evergreen Trees .					11
Fruit Trees					39
Perennials					41
Rhododendrons					21
Roses					37
Vince and Climbore					95

Long Distance Telephones, Rockland 26 and 1215.

Telegraphic Address, North Abington, Mass.

THE PLANTING SEASON

Evergreens can be successfully transplanted during August and September. Herbaceous pernnials do best when moved during September and before the middle of October. Trees and shrubs can be safely planted any time after October 1st until freezing weather sets in.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY by the consignee.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT.

CONDITIONS OF SALE

First—The articles herein listed will be furnished at prices designated as per following schedule:

1 to 5 plants of one kind will be charged for at the single rate, whatever the aggregate of a list made up in numbers of less than 5 plants of a specific sort may be.

5 to 40 plants of one kind will be furnished at the ten rate.

40 to 250 plants of one kind will be furnished at the hundred rate when hundred rates are given except in the case of perennials when 25 of one kind will be given the hundred rate.

FROM THIS SCHEDULE WE WILL NOT VARY because of the fact that it takes considerable time to assemble a list of plants that are scattered over the nursery.

Second—We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. No complaints will be considered that are not made within ten days after receipt of stock.

Third—We make no charge for packing retail orders except "on very large trees and evergreens.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in Fall, and June 1st in Spring, will be subject to sight draft without further notice.

BAY STATE NURSERIES.

Ornamental Department

NOTE — In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly UNLESS OTHERWISE ADVISED.

If you wish a small tree with a rich purple foliage, buy either the Prunus pissardi or Prunus Othello listed on page 8 and you will not be disappointed.

EVERGREEN TREES

These Evergreens are all thrifty and heavily rooted, and have been several times transplanted.

All Evergreens will be B & B (balled and burlapped), without extra charge.

FOR GROUND COVER

There is nothing better than Pachysandra terminalis, Vinca Minor and Euonymus vegetus, all of which are listed on this page.

RHODODENDRONS

Hybrid Rhododendrons have become very scarce. We still have a limited stock to offer in the varieties listed below.

We have a number of Hybrid Rhododendrons composed of many different varieties, but there are too few of any one variety to make it worth listing them, and we therefore sell them by color. These are all desirable varieties and every plant would be labeled its true name. We can furnish these in $2\frac{1}{2}$ to 5 ft. at the prices given at the middle of this page in the following colors:

Pink

31/2 ft.

2½ ft.

The native Catawbiense and Maximum types we offer are all nursery grown, healthy and vigorous. We can, through our collector, furnish these types in collected plants of any quantity desired. Write giving sizes and quantities wanted and we will make special quotations.

See CONDITIONS OF SALE on page 2.

DECIDUOUS SHRUBS

Our shrubs are grown with plenty of space in the nursery rows to insure good, vigorous growth, and they lift with strong roots. They are healthy and make quick development after planting.

HARDY ROSES

Strong field grown plants, 2 year old at \$1.00 each for less than 5 of one kind; 5 or more of one kind at \$9.00 per 10; unless otherwise noted.

If we are out of the variety ordered, we shall select the variety most closely resembling it UNLESS OTHERWISE ADVISED.

HYBRID PERPETUAL ROSES

Alfred Colomb—Large carmine-crimson, full, fragrant.

Anne de Diesbach—Large double carmine.

Baroness Rothschild-Large, pale rose.

Clio—Large, flesh color, center rosy pink.
Frau Karl Druschki—Pure white.
General Jacqueminot—Bright scarlet crimson.

Harrison Yellow-Yellow.

John Hopper—Bright rose, carmine center. Magna Charta—Pink and carmine.

Margaret Dickson-White, pale flesh center, large.

M. P. Wilder—Very fragrant full blossoms of cherry-carmine.

Mme. Gabriel Luizet-Light silver pink.

Mme. Plantier—Profusion of medium sized pure white flowers, early in the season.

Mrs. John Laing-Large, soft pink; fragrant and steady bloom.

Paul Neyron—Deep rose, very large.

Persian Yellow-yellow

Pink Moss—Pink.

Prince Camille de Rohan—Deep velvety crimson.

Soleil d'or-Lovely Yellow with gold and red shadings.

Ulrich Brunner-Cherry crimson, large.

White Moss—White.

HYBRID TEA ROSES

We shall have a much larger list of Hybrid Tea Roses to offer for spring, 1926.

Columbia—Beautiful rose-pink, perfectly formed blossoms.

Duchess of Wellington—Saffron yellow, stained crimson.

Edward Mawley-Velvety crimson.

General MacArthur—Large velvety-scarlet.

Gruss an Teplitz—Scarlet, shading to velvety crimson.

Jonkheer J. L. Mock—Deep pink, petals silvery rose.

Kaiserin Augusta Victoria—Soft creamy-white.

Killarney—Deep shell pink, long pointed buds.

Killarney White-Pure white, long pointed buds. Mme. Caroline Testout—Large bright pink blossoms.

Mrs. Aaron Ward—Coppery orange in open bud, pinkish fawn when full.

Ophelia-Salmon flesh shaded with rose.

Radiance—Brilliant carmine-pink, with salmon-pink and yellow shadings.

POLYANTHA ROSES

\$1.00 each, \$9.00 per ten.

Baby RamblerWhite—White. Baby Dorothy—Pink Baby Rambler-Red Catherine Zeimet-White.

CLIMBING ROSES

American Pillar—Rosy pink, single flowers	75	6 00

We have discontinued growing and selling CURRANTS and GOOSEBER-RIES on account of the "White Pine Blister-rust" which spreads from these plants to White Pines and other five-needled Pines.

Herbaceous Department

On account of the increasing popularity and demand for Herbaceous Perennials, our acreage has been extended from year to year, so that now this department alone covers about thirty-two acres. We are adding new and choice plants to our collection each year.

About all the plants we grow are strong field-grown; the only exceptions being a few species which transplant better by being grown in pots, also some of the choice new varieties.

We invite you to visit our perennial department and see our new propagating greenhouses, our large stock of perennials, and our added facilities for handling orders.

HARDY PERENNIALS, FERNS AND GRASSES

Varieties marked with an asterisk (*) are particularly adapted for the rock garden.

Full descriptions will be found in our Handbook of General Information.

See CONDITIONS OF SALE on page 2.

Remember that 25 perennials of one kind are entitled to the hundred rate whenever the hundred rate is given.

ĞERMAN IRIS—TALL BEARDED IRIS—New Varieties:
We are offering this list of Tall Bearded Iris (German Iris) in addi-
tion to those listed above. We believe that the varieties described here

We are offering this list of Tall Bearded Iris (German Iris) in addition to those listed above. We believe that the varieties described here offer a good variety of color and are varieties that will be of value for many years to come despite the fact that novelties are being produced constantly.

years to come despite the fact that novelties are being produced constantly. "S" represents standards or upper petals; "F," falls or lower petals. The figures which follow the names of the originators denote the value rating according to the symposium of the American Iris Society, published in May, 1922.

00 5

Alcazar (Vilmorin 1910) 8.9. S. Light bluish	Each	Per 10	Per 100
violet; F. deep purple with bronze-veined throat. 3-4 ft	1 00		
beautiful flower. 2 ft	40	3 50	
Archeveque (Vilmorin 1911) 8.3. S. deep purple violet; F. deep velvety violet. 2 ft	1 00		
deeper rosy red. 2 ft	30	2 50	
bright crimson, shaded darker. 22 in Iris King (Goos & Koenemann 1907) 7.9. S. lemon-yellow F. rich maroon hoardered	35	3 00	
yellow. 22 inches	60	5 00	
large fragrant flowers. 44 inches Loreley (Goos & Koenemann 1909) 7.9. S. light	40	3 50	
yellow; F. deep sea-blue; with creamy edging. 32 in	35	3 00	
Midnight. A rich velvety dark purple. 28 inches Monsignor (Vilmorin 1907) 8.4. S. pale violet; F. with a groundwork of the same color but	30	2 40	18 00
richly overlaid and veined with deep purple. 28 inches	50	4 00	
white; F. slightly reticulated violet at the base. 2 ft	30	2 50	
fawn-yellow; F. violet purple on bronze. Large. 30 inches	30	2 20	
plum-purple. S. arching, ruffled; F. drooping. 30 inches	50	4 00	
purple-black with conspicuous orange beard.	35	3 00	
Pocahontas (Farr 1915) 7.7. S. and F. pure white with S. faintly bordered pale blue. 28 inches Princess Victoria Louise (Goos & Koenemann 1910) 7.2. S. sulphur-yellow; F. rich plum	50		
bordered cream. 30 inches	30	2 20	
veined at the throat. 3 ft	50	4 50	
old-gold. 32 inches	50	4 50	
pure white; F. deep violet blue with white edge. 3 ft	50	4 20	
yellow. Vigorous grower. 2 ft	40	3 50	
ings; well formed, sweet scented. 18 inches	1 00	9 00

The American Joint Committee on Horticultural Nomenclature have recently issued "Standardized Plant Names", which it is hoped will eliminate much of the confusion on plant names.

We have endeavored to list our plants in accordance with the names as given in "Standardized Plant Names". If you have any difficulty in finding in our price list any varieties you wish, write us and we will give you an immediate reply as to whether or not we can furnish them.

A Word About Transportation

We can deliver your order by express, freight, or motor truck.

We have a siding at our packing house where we have every facility for handling car lots for long distances with promptness and efficiency.

We have several auto trucks which we use to deliver our stock and we can hire more when necessary The auto truck has proved to be very satisfactory in the delivery of nursery stock.

First—Because within a range of one hundred miles from our nurseries, it can travel the distance so quickly that stock arrives as fresh as when taken from the nursery rows.

Secondly—Because the truck lands the stock on the grounds where it is to be planted, thus saving the bother and expense of trucking and unpacking.

Thirdly—Because it can be delivered at less expense than would be the boxing, freight and trucking charges if sent by freight in boxes, providing there is stock sufficient to make a respectable load for a truck.

The charges are made according to the distance travelled and the size of the truck used.

Remember that we are here to serve. Command and see how well we can execute your orders.

A copy of our Handbook of General Information on Trees and Hardy shrubs will be gladly sent on request.

LOCATION OF NURSERIES

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston, on the Plymouth Division of the N. Y. N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. Visitors are always welcome. Our office is ten minutes walk from the station. If notified we gladly meet visitors at the station and show them about the nurseries.

To reach us by motor, go to Quincy, then proceed directly South through Weymouth and South Weymouth until you see our sign at the fork of a road, turn to the left and you cannot miss our office one-half mile farther off. We are just off the road which goes to Middleboro and the Cape.

We are not open for business on Sunday.
